BERTA WALKER GALLERY

Berta Walker Gallery has been highlighting the rich cultural heritage of Provincetown's 100-year old art colony for 24 years, and is known for showing a wide variety of important Provincetown-affiliated art and artists. Wrote Andre Van Der Wende in Provincetown Arts: "Berta Walker's Gallery mission is voiced in the motto that has guided her over the years, 'Presenting the History of American Art as seen through

ROSS MOFFETT
SKY POWER

the Eyes of Provincetown'. She aims for nothing less than documenting the role that artists associated with Provincetown have played in the major movements in American art in the last 100 years . . . making the past vital to the living artists she represents, replenishing the present with a curatorial finesse that is highly regarded."
